

Path 2: Cyber Security 101 > Module 1: Start Your Cyber Security Journey

<https://tryhackme.com/module/start-your-cyber-security-journey>

Start Your Cyber Security Journey:

Explore offensive and defensive cyber security via interactive exercises and acquire the essential search skills to find information.

This module introduces the reader to offensive cyber security through an interactive exercise where users can practice hacking an insecure web application in a legal and safe environment. Then, it presents defensive security via an interactive exercise to protect against an attack. Finally, it equips the reader with the fundamental search skills to find what they need as they start their journey in cyber security.

Room 1: Offensive Security Intro

Hack your first website (legally in a safe environment) and experience an ethical hacker's job.

Room 2: Defensive Security Intro

Introducing defensive security, what it involves and looks like within the real-world, as well as the technologies involved.

Room 3: Search Skills

Learn to efficiently search the Internet and use specialized search engines and technical docs.
